WHS April Speaker

April 8: Rosalind Creasy, Garden and Food Writer, Photographer and Landscape Designer, Los Altos, CA

“Edible Landscaping: The New American Garden”

The name Rosalind Creasy has certainly become synonymous with edible landscaping. Her 1982 book *The Complete Book of Edible Landscaping* helped popularize the term and is now a part of the American vocabulary. Her book was one of the first to advocate organic methods, encourage recycling and provide alternatives to resource-wasting gardening techniques. Frustrated by America’s penchant for lawns, for the last twenty-five years Ms. Creasy has used her front garden in Los Altos to showcase an ever-changing palette of edibles, to

highlight gardening with children, and even to keep chickens. Ms. Creasy’s incredible photographs of then-unknown colorful fruits, vegetables and edible flowers—which she then helped popularize in her book *Cooking From the Garden*—introduced the American public to many fruits and vegetables we now take for granted. Ms. Creasy continues to lecture nationwide and will have a new book *Rosalind Creasy’s Recipes From the Garden* out this year.

May 13: Rebecca Lance, Proprietor of Granite Gardens Rare Plants Nursery, Sonora, CA
“Rock Garden Strategies for Waterwise Gardens”

Our monthly meetings feature the speakers listed above; doors open at 7pm and meetings begin at 7:30. The location is at Christ Episcopal Church, 1040 Border Road, Los Altos. Please also join our speaker for dinner prior to the meeting at Chef Chu’s at 5:30pm at the corner of El Camino Real and San Antonio Avenue. This is a terrific opportunity for our members to get to know each other better, and to get to chat with our speakers. Please call Pat Knight to confirm at 650-941-6136. Our Plant Sale is Almost Here!—April 4th

The WHS Plant Sale is Saturday April 4, 2009 at the Master Gardeners' Spring Garden Market, Kelley Park, 1650 Senter Road, San Jose.

The plant sale is the biggest annual fundraiser for WHS and provides us with money to close the gap between our dues and our actual running expenses. For those of you who have grown plants or have volunteered to work the sale—thank you for all your help! We hope to see you all there—and bring your friends! If you have any last minute questions about the sale or how to drop off your plants, please call Pat Knight (650)941-6136 or e-mail her at retire2dig@yahoo.com for more information.

A Special WHS Annual Picnic and Field Trip! Sunday, June 14th

We have a unique opportunity to have our annual picnic this year at Jean Myers’ home. She has a wonderful site that includes landscaped gardens, a riparian corridor, and meadows that include native plants and wildlife. She has a wonderful website at www.casadosrios.org and puts out a newsletter, as well. Not all the details are in place as of now, but watch for more news in our next newsletter and don’t miss this exciting event. We hope you can all come! ~ Janice Gillmore

Hot Plant Picks

I hope everyone had a chance to see the marvelous Hot Plant Picks exhibit at the San Francisco Flower and Garden Show this year, a collaborative effort between Cal Hort and WHS. I’d like to thank all the wonderful WHS members who volunteered their time, their plants and help in other ways to make it such a fun and informative display. Special thanks to Sherry Hall who literally spent hours filling in information forms so that everyone at the show could learn about these exciting and cool plants. ~ Nancy Schramm

28 Years Ago...

The April 13, 1981 WHS meeting featured a talk about the "Reforestation of Golden Gate Park" given by Deborah Learner & Jim Cooney of the SF Parks Department. Barbara Worl announced plans for a May Field trip to several local Thomas Church gardens. Mabel Crittenden gave a thumbnail sketch on "Silene". The WHS board announced that they wished to develop a new society logo, and asked for suggestions. Emily Brown's plant notes included four species of *Prostanthera* and seven species of *Olearia*. Also brought in were a number of dwarf plants including: *Rhododendron chameunum*, *Daphne cneorum*, *Pulsatilla vulgaris*, and *Iris pumila*. ~ Nancy Schramm

In Memory

John Coulter, one of our founding members, died peacefully in his sleep, on March 13th in Medford, Oregon. John had a long and interesting life - he would have been 99 on May 22nd of this year. He and his wife Joyce owned Coulter Nursery on the Peninsula, and after closing the nursery he worked at Filoli and at Saratoga Horticultural Research Foundation. His greatest love was his wife and family, but plants and the natural world were a close second. He will be missed by all who knew him. Remembrances and fond wishes may be sent to Karen Coulter, 1723 Bay Street, Alameda CA 94501.
